Holistic Progress Card

B&B

**MAYFLOWER
SCHOOL**
RANIPET

The kindergarten holistic progress card provides a comprehensive overview of each child's development beyond academics, covering areas like social skills, emotional growth, and creative expression. It captures the whole child's journey, recognizing individual strengths and developmental needs. The assessment uniquely includes input from **parents, teachers, peers and the child** through self-evaluation. This combined approach offers a 360-degree perspective to support the child's growth.

Jessica Std 8

Made for Saving ANIMALS

My dream job is to become a veterinary doctor. I want to become a veterinary doctor because I want to help all animals around the world because not all have food, shelter and water. Everyday animals suffer and get hurt very badly. Many animals even die because they don't have food, shelter and water. They also die because they sometimes fight with each other and get hurt very badly. My job is to help the animals recover from their wounds or sicknesses. I want to see animals happy with all they need and having homes. Every time I see the animals hurt I feel like I want to help them because they also have lives and feelings like humans. I also want to start an animal shelter because I want to give homes to animals that are on the street hoping to be taken care of. I specifically like dogs because I have one. I rescued my dog from the streets when it was a puppy. Now it is a full grown dog. It is very loving and loyal to me. I want to rescue all animals and give them homes and to make them recover from their wounds or sicknesses. That is why I want to become a veterinary doctor.

Through their engaging articles, our young writers express their creativity and share their unique perspectives with everyone.

RANIPET

Sardar Vallabhbhai Patel

✓ **Iron man of India**

✓ **A lawyer by profession and a political leader by choice**

National Unity Day, celebrated on October 31st, honors the birth anniversary of Sardar Vallabhbhai Patel, the "Iron Man of India," who united the nation after independence. In our school, we proudly celebrated this day, motivating children to imbibe the values of teamwork and a never-give-up attitude.

✓ **Integrated 562 princely states into the Indian Union with remarkable tact, vision, and statesmanship, ensuring a unified and sovereign nation after independence**

**MAYFLOWER
SCHOOL**
RANIPET

Recently, Mayflower School's Resource Person, Ms. Sahaya Divya, attended the Asia Pacific Past Pupils Congress in the Philippines from October 17 to October 22, where she engaged with former students from across Asia.

As a host for the cultural evening, Ms. Divya had the honor of welcoming delegates and leading a vibrant night of cultural exchanges, which included her own presentation showcasing the rich traditions of Bharatanatyam, Kolattam, Oyilattam, and other folk dances from South India. Ms. Divya was also invited to give a speech at Mary Help of Christians College in Calamba, Laguna, Philippines, where she shared her insights with College students.

Inspired by these connections, she hopes to encourage students to dream big while honoring their roots. The experience highlighted the value of learning beyond borders, reinforcing Mayflower's mission to empower students to make meaningful contributions.

THE FRIEND-O-METER

A visual tool used to help children think about the difference between healthy and unhealthy friendships. Students are taught the importance of spending the most time with friendships in the **Healthy Zone**.

Some friendships bring out the best in us while, unfortunately, some bring out the worst. It's so important to teach children that friendships are a choice and help them learn the difference between healthy & unhealthy friendships

TRY IT
Treasure **FRIENDSHIP**

at Mayflower School, Ranipet

STEM

"Empower students with hands-on experiences in science, technology, engineering, and mathematics. We inspire future innovators by fostering a passion for discovery and real-world applications in STEM fields."

SPORTS

"Promote physical health, resilience, and teamwork through a wide range of sports activities. We aim to develop athletes who embody sportsmanship and pursue excellence on and off the field."

ARTS

"Encourage self-expression and creativity by integrating diverse art forms into learning. Our approach to the arts develops imagination, confidence, and a deeper understanding of cultural perspectives."

MUSIC

"Nurture musical talent and appreciation, teaching students to connect through rhythm and melody. Music education at our school strengthens discipline, teamwork, and emotional expression."

LANGUAGE

"Cultivate communication skills and cultural awareness through immersive language programs. Our curriculum builds linguistic confidence, making students effective global communicators."

INNOVATION

"Fuel curiosity and original thinking by providing an environment that celebrates innovation. We encourage students to design, experiment, and bring their ideas to life in a supportive setting."

**MY CHILD WAS TOO SHY TO
SPEAK CONFIDENTLY**

"The personality development classes
designed to help children overcome
shyness and build confidence at
Mayflower School has made my child
speak confidently now."
